

## Students of the Month

The Renaissance Committee is proud to  
Announce that the Students of the Month  
Of April are:

Brad DeNegri and Ryan O'Neil

Brad has been doing a great job of staying on task, and turning in his work on time. He has also been communicating with his teachers with questions or concerns. He is totally engaged and works diligently on his assignments. He has been a real pleasure to work with during these tough times.

Ryan has been an exemplary student since the beginning of the year but he has gone above and beyond since the start of our virtual learning. He checks in via email, Zoom, & Google Meet. He completes his assignments on the correct due dates and reaches out and asks meaningful questions. His work is truly authentic and extremely well thought out. His diligence is very apparent and grading his work brings teachers hope that students can and will learn during these extremely unprecedented times.
